4) Returned, with compliments, to the General Secretary to Government.

2. Before according sanction to the giving of house connections, the size of the sub main will have to be increased so that the supply may improve. An estimate for Rs 25,000 was prepared and sent to the Board and it is still pending with them.

3. If house connections are given, now the Board must be prepared for the inconvenience of inadequate water supply due to the insufficient sub-main and the house owners also should be clearly told that they must be satisfied with inadequate water supply

Sir,

With reference to Government Order No.L.675-6 L.B.50-28-12 dated 24th July 1929 approving the Chief Engineer's opinion that the consent of the Board does not appear to be necessary for granting temporary water connections in Robertsonpet Town, I have the honor to state that the matter was placed before the Board and the Government Order recorded.

In this connection, the question of giving house connections to Robertsonpet Town was discussed by the Board generally in all its aspects and they have resolved that the Government be requested to accord sanction to the scheme of giving permanent house connections on conditions noted in the margin.

(i) The party shall bear the entire initial charges.

(ii) He shall likewise pay a royalty of Rs.50/- to the Sanitary Board, in view of the fact that it was the Board who bore the initial outlay of Robertsonpet Water Supply Scheme.

(iii) He shall in addition pay, to the Sanitary Board, water consumption charges at 15 annas per 1000 gallons (according to house meter), plus meter-hire.

(iv) The connections shall be all inch connections.

(v) No house shall be given more than one tap.

(vi) In the case of a few, existing private house connections, the parties shall be required to pay a royalty of Rs.50/- as in the case of new applicants. They shall be given, however, one year's time to pay up the amount: in case they do not pay it up within that period, the connections shall be removed.

A copy of the Board's resolution in the matter is submitted herewith

I request you to kindly obtain sanction of the Government to the scheme enumerated in the resolution of the Board for giving water supply house connections in Robertsonpet.

I have the honor to be,
S i r,
Your most obedient Servant,

For President,

SIR,

Adverting to your letter No.L.4386/L.B.50-28-16 dated 13th December 1929 in the matter of giving permanent house water connections in Robertsonpet Town and stating that the Chief Engineer who was consulted on the subject has reported that before the scheme could be introduced the size of the sub-main will have to be increased etc. and also requesting that these facts may be placed before the Board and their resolution submitted to Government, if necessary for orders, I have the honour to state that this subject was placed before the Board for their consideration, at their meeting held on 20th December 1929.

The Board have resolved that they would adhere to their resolution No.17 passed at their meeting held on 23rd August 1929 and request that notwithstanding the inconvenience, their proposals may be sanctioned in the interests of the Board's revenues.

A copy of the Board's resolution together with a copy of resolution No.17 passed at their meeting held on 23rd August 1929 is submitted herewith.

I request that you will be so good as to obtain the sanction

of the Government to the scheme enumerated in the Board's resolution No.17 dated 23rd August 1929.

I have the honour to be,

Sir,

Your most obedient servant,
